ALL THE AMENDMENTS

Proposed to the Constitution will be
Reported to the Legislature on
Thursday of Next Week

Tallahassee, April 14.—The senate
agreed to make Senator Beard's dis-
franchisement of negroes, the special
order for Thursday morning.
It was decided to vote on the elec-
tion of a United States senator at the
session next Tuesday morning. Of
course, there is no chance of another
selection than that of Duncan U.
Fletcher, who was voted as the choice
of the people at the primaries last
year.

Governor Gilchrist's message to the
legislature recommending that consti-
tutional amendments which are to be
submitted to the people for ratifica-
tion of rejection, he advertised in
full prior to the election, was read. His
message recommending that the legis-
lature call upon Florida's representa-
tives at Washington, to oppose the in-
creased duty on kainit, as being in-
imical to the best interests of the
growers of this state, was also read.
The house held a short session yester-
day morning. Representative Alexan-
der of Volusia introduced a resolu-
tion censuring Congressman Clark for
his attitude on the tariff. The resolu-
tion aroused a lengthy debate and ac-
tion was deferred until two weeks
from date.

The committee on constitutional
amendments will not report until April
22, when all of the proposed amend-
ments will be dealt with in their re-
port.
The Hilburn resolution introduced
in the house, while it is apparently in
an incomplete form, as it "resolves to
amend the general statutes" without
making therein any provision for its
submission to the voters of the state,
seems to be the much more consistent
measure, and it is probable that upon
the Hilburn resolution the main fight
will be made. In this connection, it
will be well to state that there is a
general feeling that the Hilburn resolu-
tion will pass the house and fail in the
senate.

It is understood that there will be a
strong bill introduced providing for the
establishment of a state printing plant
and that it will include a free school
box law, the books to be printed and
furnished to the scholars by the state
with only a nominal sum in the way of
a deposit to insure against an abuse
of the system.

MONEY COMES IN BUNCHES

To A. A. Chisholm, of Tredwell, N. Y.,
now. His reason is well worth read-
ing: "For a long time I suffered from
indigestion, torpid liver, constipation,
nervousness, and general debility," he
writes. "I couldn't sleep, had no ap-
petite, nor ambition, grew weaker
every day in spite of all medical
treatment. Then used Electric Bitters.
Twelve bottles restored all of
my old time health and vigor. Now I
can attend to business every day. It's
a wonderful medicine." Infallible for
stomach, liver, kidneys, blood and
nerves. 50c at all druggists.

FANNING THE FLAMES

Wind Helping on a Million Dollar
Fire in Rochester, N. Y.

Rochester, N. Y., April 14.—The
greatest fire in the history of Roch-
ester is in full swing, and already
the damage has moved up to close on
\$1,000,000.

Two big conflagrations, which com-
menced practically at the same time,
soon became too much for the Roch-
ester department to handle, and help
was called in from Buffalo and Syra-
cuse. Both cities are sending fire ap-
paratus and men on special trains,
which are racing to the rescue at top
speed.

Gale Fanning the Flames

A gale which is blowing at the rate
of thirty to forty miles an hour, is

gative. Mothers, don't attempt to

man dead. The murderer escaped.

rheumatism are simply rheumatism
of the muscles, due to cold or damp
or chronic rheumatism, neither of
which require any internal treatment.
All that is needed to afford relief is
the free application of Chamberlain's
Liniment and massaging the affected
parts at each application. There is
disagreeable or unpleasant about this

some kidney or bladder disorder that
saps the vitality, which is naturally
lower in old age. Foley's Kidney
Remedy corrects urinary troubles,
stimulates the kidneys, and restores
strength and vigor. It cures uric acid
troubles by strengthening the kidneys

Tobacco Trade of Dago Land

Washington, D. C., April 14.—Diplo-
matic correspondence made public to-
day shows that the Italian ambassa-
dor, Des Planches, has notified the
state department that unless the gov-
ernment can guarantee the Italian to-
bacco monopoly security of its stores
of tobacco purchased in this country
against the raids of night riders, the
trade of Italy, amounting to thirty-
four million dollars a year, will be
lost to the tobacco raisers of the
United States.

DUNKIRK'S DILEMMA

Indiana Town Trying to Carry Water
on One Shoulder and Whisky on
the Other

Dunkirk, Ind., April 14.—The
unique situation here has caused the
exercise of much gray matter in the
heads of the forces of prohibition and
anti-prohibition.

Dunkirk is both wet and dry. At
least, part of it is wet. The town is
situated in two counties, one of which
went wet, while the other took the
stand for local option.

Liquor men say they will open sa-
loons in the wet part of the town. The
temperance forces are lining up to see
what can be done under the city char-
ter to prevent this.

CULTURE RUINED THE COON

Downfall of Louis Graves, a Negro
Graduate of Yale

St. Louis, April 14.—Louis Graves,
a negro, graduate of Yale, was arraign-
ed in court yesterday for forging a
check. The man argued his own case.
He said he had served several terms
in penitentiaries of various states,
been an inmate of five asylums, tried
five times to kill himself and was
generally incompetent.

"To what source do you attribute
your peculiar mental condition?" asked
the astonished judge.
"Supereducation," answered Graves.
"I am a negro and I have no business
with a college education."

BAD SEASON FOR COLDS

Colds and grip were quite preva-
lent last winter and Chamberlain's
Cough Remedy was in great demand
and performed some remarkable cures.
Mrs. Mary J. Robinson, of Cameron,
W. Va., says: "Last winter I was
taken with one of the awfullest colds
I ever had in my life. I could not
speak above a whisper and was very
hoarse. I was afraid it was going to
be pneumonia. I took one bottle of
Chamberlain's Cough Remedy and in
three days was lots better and could
talk. I did not take but the one bot-
tle and it cured me. I now tell every-
body about Chamberlain's Cough
Remedy and the good it did me."

MARTEL

The weather is ideal. Farmers
are getting busy. Some are work-
ing their crops, others are planting,
and as a whole the outlook is prom-
ising.

Fred Veal, of Jacksonville, who
had a serious attack of typhoid
fever, came to his father's, Dr. Veal,
of Martel, ten days since, and was
convalescing nicely, but was called
home Tuesday to the bedside of a
very sick daughter. The doctor ac-
companied him.

Mrs. Susie Grogg, of Savannah,
daughter of the late Thomas Barco,
of Cotton Plant, is visiting relatives
and friends in that vicinity. She is
in bad health. Her numerous friends
trust the change may be beneficial
to her.

Dr. J. W. Hood and his estimable
wife made a flying visit to Martel
Thursday in the doctor's improved
auto, which is a thing of beauty, and
may revolutionize the mechanism of
the auto of today.

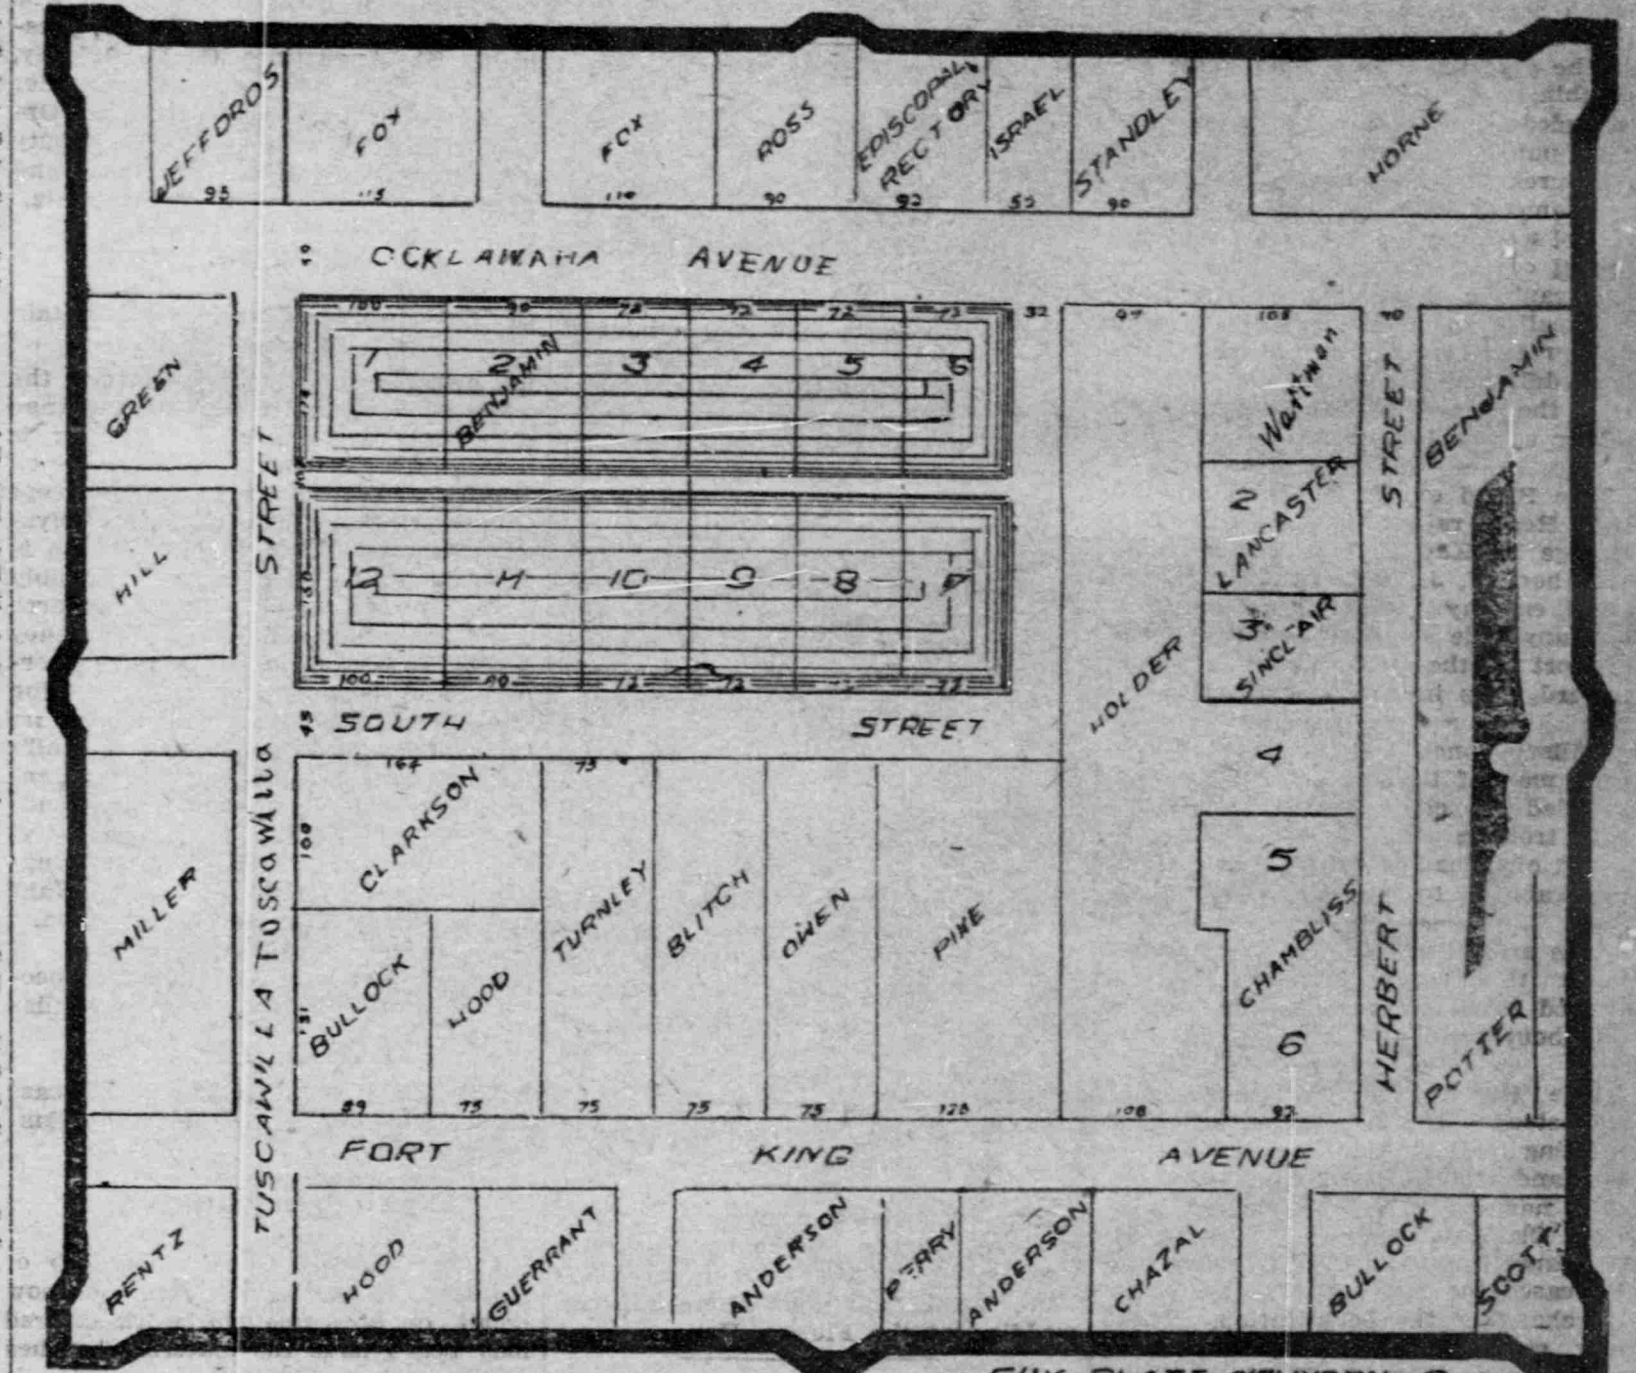

One of the most beneficial pro-
tected meetings ever held at Mar-
tel, after having been successfully
conducted ten days, closed last night
with a crowded house. The Rev.
Thaddeus Nease, of Springfield, Ga.,
who is a member of the South Geor-
gia Conference, and uncle of the
pastor of the Martel circuit, did the
preaching. He captivated his con-
gregation in the outset. His ser-
mons were clear cut, soul inspiring,
and free from the appearance of
ostentation. The church was great-
ly revived, convictions numerous,
and four were received on profes-
sion of faith and one by letter.
Those received on profession of
faith were Walter Ray, Carter Ray,
Mrs. P. A. Ausley and Willie Miller.
Miss Pearl Warren by letter. It was
a pathetic scene at the close of the
last service when everybody present
in an orderly manner went to the
chancel rail clasped the preacher's
hand and bade him good-bye.

This scribe has been cumbered
with many cares and responsibil-
ties during the past four months,
but the indications now point to his
having time to send in jottings from
the progressive town of Martel and
surrounding vicinity from time to
time.
